

# You're Invited to Upcoming Workshops on Groundwater in Your Area

## WORKSHOP 1

March 19, 2024 at 10:00 AM  
Hanford  
Fraternal Hall  
1015 N 10th Ave, Hanford,  
CA 93230

## WEBINAR VIA ZOOM

March 20, 2024 at 12:00 PM  
Visit [www.midkingsrivergsa.org](http://www.midkingsrivergsa.org)  
to RSVP for the Zoom link  
(Online Only)

## WORKSHOP 2

March 21, 2024 at 5:00 PM  
Hanford  
Fraternal Hall  
1015 N 10th Ave, Hanford,  
CA 93230

*Apoyo para la registracion de posos sera ofrecido en Español*

RSVP at [www.midkingsrivergsa.org](http://www.midkingsrivergsa.org) or by calling **559-584-6412**

**SUBMIT YOUR QUESTIONS AHEAD OF THE WORKSHOPS!**  
Fill out the question submittal form at [www.midkingsrivergsa.org](http://www.midkingsrivergsa.org).

**The Mid-Kings River (MKR) GSA** is one of five GSAs that make up the **Tulare Lake Subbasin**, and is responsible for implementing groundwater sustainability strategies in order to **eliminate undesirable results by 2040 under the Sustainable Groundwater Management Act (SGMA)**.

The MKR GSA formed following the passage of SGMA to develop a local Groundwater Sustainability Plan (GSP) and other required reporting, address SGMA requirements, implement groundwater management strategies to address pumping impacts and manage a sustainable groundwater supply within its boundaries.

The GSA is aggressively working towards achieving this, and **encourages stakeholders to engage in the process by hearing from the GSA directly at upcoming public workshops.**

**MID-KINGS RIVER**  
GROUNDWATER SUSTAINABILITY AGENCY

For questions, contact the MKR GSA at **559-584-6412**  
or email [kcwdh20@sbcglobal.net](mailto:kcwdh20@sbcglobal.net)

# Attend an upcoming Public Workshop

The Mid-Kings River Groundwater Sustainability Agency (MKR GSA) invites you to hear from General Manager Dennis Mills about the GSA's activities related to your groundwater supply and SGMA.

**Learn more about:**

- Upcoming State Board Probationary Hearing on April 16, 2024 and the GSA's diligent efforts to prepare
- NEW groundwater pumping caps being considered by the Board of Directors at the March board meeting
- Well registration and upcoming deadline on flow meter requirements
- NEW groundwater pumping fees and an upcoming Proposition 218 election
- NEW shallow domestic well mitigation program

**WORKSHOP 1**  
March 19, 2024 at 10:00 AM  
**Hanford Fraternal Hall**  
1015 N 10th Ave, Hanford, CA 93230

**WEBINAR VIA ZOOM**  
March 20, 2024 at 12:00 PM  
Visit [www.midkingsrivergsa.org](http://www.midkingsrivergsa.org) to RSVP for the Zoom link (Online Only)

**WORKSHOP 2**  
March 21, 2024 at 5:00 PM  
**Hanford Fraternal Hall**  
1015 N 10th Ave, Hanford, CA 93230

*Apoyo para la registracion de posos sera ofrecido en Español*

**RSVP for a Workshop!**

Scan the QR code to RSVP. Alternatively, you can RSVP at [www.midkingsrivergsa.org](http://www.midkingsrivergsa.org) or by calling 559-584-6412

**Submit your questions ahead of the workshops!**

Fill out the question submittal form at [www.midkingsrivergsa.org](http://www.midkingsrivergsa.org).

*Workshop content will be identical. Attend the date and time that works with your schedule.*

## As Probationary Hearing Approaches, Mid-Kings River GSA Works to Maintain Local Control on Behalf of Landowners

The Mid-Kings River (MKR) GSA is implementing programs and strategies to keep local control over groundwater sustainability efforts. In preparation for the upcoming Tulare Lake Subbasin (TLS) Probationary Hearing with the State Board, the TLS's Groundwater Sustainability Plan (GSP) is being revised, and the MKR GSA is implementing its local programs to meet sustainability requirements.

If at the April hearing the State still finds the revised GSP is inadequate, the State Board will intervene and manage groundwater. **The Mid-Kings River GSA desires to partner with its landowners throughout this process, and invites you to learn more about how this impacts you as a stakeholder by attending an upcoming workshop.** The GSA Board and staff are urgently working to meet the State's requirements so it can retain local control over SGMA implementation if this occurs.

**LANDOWNERS: THE DEADLINES TO REGISTER WELLS AND INSTALL FLOW METERS HAVE PASSED.** If you have not registered your well with the Mid-Kings River GSA, please do so **AS SOON AS POSSIBLE** by calling the GSA at **(559) 584-6412**. Please install a flow meter **AS SOON AS POSSIBLE**. **Penalties for non-compliance will begin and meter readings will be taken starting April 1, 2024.**

### MKR GSA TIMELINE Key Dates
